# The Good We Do

With any cancer diagnosis come feelings of hopelessness and social isolation. **The mission of Cancer Support Community South Bay is to uplift and strengthen people impacted by cancer by providing support, fostering compassionate communities, and breaking down barriers to care.**

Since 1987, Cancer Support Community South Bay has served more than 28,000 families impacted by cancer through FREE support groups, healthy lifestyle classes, educational workshops, and counseling. With your gift in 2025, we plan to extend our outreach to support even more participants; providing over 200 free support programs each month and keeping our vulnerable community safely connected.

As a nonprofit, we rely on the generosity of individuals, sponsors, and foundations to fund our programs, allowing us to offer all of our services completely free of charge.
